Subject: Towards sustainable e-Infrastructures in FP7

Dear Mario,  
Dear Kyriakos,

On behalf of the e-IRG Troika, I am sending you as the representatives of the European Commission in the e-Infrastructure Reflection Group the attached document as a result of discussions within the e-Infrastructure Reflection Group in general and the e-IRG Task Force on Sustainable e-Infrastructures (SeI) in particular.

The troika believes that the attached version of the document builds on all the collective input forwarded by the e-IRG Delegates. This document displays thus the joint vision by the e-IRG delegates towards reaching sustainable e-infrastructures in Europe in the frame of FP7.

Yours faithfully,

ao. Univ.-Prof. Dr. Dieter Kranzlmüller  
(e-IRG Chair)
